

LUCILLE M. NIXON ELEMENTARY SCHOOL
SITE COUNCIL AGENDA
NOVEMBER 7, 2016
Nixon Elementary Staff Lounge

Meeting called to order at 2:45 by Lauren.

Members present Lauren Hahn, Megan Cox, Marie Legrand, Mary Pat O'Connell, Jen Silva, Courtney Smith, and Margo Sutherland

1. Welcome
 - a. Brief introductions new and old
 - b. Binder

2. Approve minutes from October 3, 2016 meeting – Changes to minutes.... Megan will check to see if the EL students are designated RFEP (not RFEPT!).

Mary Pat moves to approve the minutes, Jen seconds. Minutes approved.

3. Nixon 2015-16 SPSA goals and outcomes, with updated data
Due date has changed to February. We will present the goals to the board in January. Some changes that have taken place on the goals since last time are...
 - No longer are the goals linked to district strategic plan, they are linked to the focus goals for 2016-2017 school year. These are High Quality Teaching and Learning, Wellness and Safety, and Equity and Access.
 - Mary Pat will be figuring out the target % for students meeting the writing goal.
 - In reading, we can word the goal to show that all students should make an increase in their reading level. (This is a joint goal for the whole district since we have such a small number of students not meeting reading benchmarks). Only the students who are here at the beginning and end of the year will be monitored for this goal, they need to be here the whole school year.
 - We will need to have a reading, writing, and math goal.
 - Our goals are to shorten the achievement gap at our school.

- In our SEL goal we are going to focus on the portion relating to communicating effectively and working collaboratively. We would want to see a decrease of students identified with a “Concern” from Trimester 1 to Trimester 3 within each grade level.
 - Math will still be looking at the NWEA assessment for 3rd-5th graders. We are implementing a new math assessment and new intervention program for these grade levels.
4. Approve the SPSA plan for Nixon
 - Due to the change in the date we will approve the SPSA at a later time either December or January.
 5. CELDT test data
 - 63 students took it in the fall 2015-2016 school year.
 - 57 of the 63 made one year growth overall.
 - We use a combination of push in and small group instruction to reach our EL students.
 6. Nixon’s Safety Plan
 - One idea is that all staff members are wearing I.D tags as a reminder to have adult volunteers sign in at the office.

Comments, questions, suggestions

Meeting adjourned at 4:00.
